Baptist Revival Is Scheduled For March 23 Thru 28

"The Old Time Religion" is the theme of one of the hymns to be used in the revival of the Canal Point Baptist Church, March 23 thru 28. If you love to sing the old songs of Zion, come and join in with the congregation and choir during the song service of this revival. If you can't sing, but love to hear good gospel singing, come and worship with us next week.

There will be two services a day Sunday thru Friday. The Sunday services will be at the usual time of 11 A. M. and 7:45 P. M. The Monday thru Friday services will be 7:30 A. M. and 7:45 P. M. Rev. L. T. Fagan, Pastor of First Baptist Church Arcadia, Fla. will do the preaching at all the services. You will welcome the chance to hear this preacher of the Gospel.

The morning services will be concluded at 8:15 sharp. Local school children will be escorted by two adults to the school grounds in plenty of time for the 8:30 opening. The High School students will be taken in cars to the Pahokee School safely and on time for school. If parents will come and bring the children to the morning service, we will see that they get to school on time.

Let's make this a time of revival in our hearts and homes, as well as in the church. Bring your family and neighbors.

Special Entertainment For Elks Kiddies

The Elks Club in Pahokee announces afternoon entertainment for Elks kiddies beginning at 5:30 and lasting until 7 p. m. Saturday. Cartoons will be shown and the youngsters will be given plenty of hot dogs and cold drinks. There is no charge for children of Elks.

Beginning at 7:30 and lasting until about nine the grown folks will be entertained and fed. Then at nine the orchestra will start and play for dancing throughout the evening. Emmett Holt is chairman of the committee in charge of arrangements and urges all Elks and their families to participate in the entertainment.

Lions In Annual Ladies Program

Canal Point Lions held their annual Ladies night program Monday night in the County Park Community Building and it was pronounced one of the most interesting entertainments ever presented by the club.

A committee presented, each visiting Lionesses with a corsage upon her entrance and a delightful turkey dinner was served by Mrs. A. Q. Howell and two assistants.

Following the dinner Rev. Roy was in charge of entertainment which centered around a "radio" broadcast with members of the club making up the cast. It was highly entertaining.

Paul Rardin Is Candidate For Commissioner

I am today announcing my candidacy for re-election as County Commissioner from the Fifth District of Palm Beach County. During the years I have served you in this capacity I have done my utmost to faithfully, fairly and honestly represent the Glades on the county commission, and having done that, I respectfully ask you to give my candidacy serious consideration in the forthcoming primary.

It is a pleasure and privilege to serve the people of the Glades on the county commission. Ours is a fast growing section and one has to be on his toes to take care of the needs as they arise. I believe my ability has been proven by my actual accomplishments for our area.

It is with great pride that I cite a handful of the many things that have been accomplished during my tenure of office. The new county barn at Belle Glade is one of the finest in South Florida. It is there every Friday afternoon that the county crew payroll is turned loose. The payroll itself is an outstanding item in the economy of the towns affected. The new airport at Pahokee is second to none and its further development will make it one of Florida's outstanding ports. The County Park Community Building in Canal Point speaks for itself.

Lake Harbor and South Bay with their new paved roads built by the county have had their fair share of consideration. Belle Glade and Chosen areas have received thousands of dollars in county road work and much assistance has been given the City of Belle Glade in street work.

I am happy to point to the State Road Dept. 1952 budget which calls for nearly two million dollars in new construction in the Glades. This is brought about by the full and complete cooperation of my county board with the SRD.

During the past year I was honored by members of the county board by being named chairman—the second chairman from the Glades section since the county was organized in 1909. During the same year I served as President of the State Association of County Commissioners, having served one year as vice president and one year as secretary-treasurer of that organization.

Through the years it has been a pleasure to give churches and schools special consideration and render their assistance when their needs could not be met by any other agency or group. The close cooperation and the warm thanks I have received from these two groups will always be remembered.

I am happy to report that the county in this district now has a fleet of 14 good dump trucks to carry on road construction work, along with a dragline,

bull dozer and a recently purchased road grader. This equipment has been built up during my tenure of office from a small bunch of three worn out dump trucks and an old grader to the point where we can accomplish something worthwhile for the fast growing Everglades.

When I announced for county commissioner the first time I used a certain paragraph and today in closing my appeal for your support I would like to reprint it. It follows:

You may not like the color of my mustache or the way I part my hair, but, there is before you today an opportunity to select a man as your county commissioner who is capable of standing toe to toe with those in power and battle for the needs of this section. On every occasion where the future of this section of Palm Beach County is concerned, you can rest assured that my voice will be raised. I WILL NOT sit idly by and see this area neglected.

Long Time Resident Dies In Belle Glade

Ed Howell, 71, long-time Glades resident, died Wednesday afternoon at the Belle Glade hospital, where he was admitted about a week ago.

A Belle Glade resident for the past two years, where he worked as a barber, he formerly lived at Pahokee and other cities in the Glades.

Survivors include two sons, Ed Howell, Jr., serving in the Navy at Jacksonville, and Bobby Howell, Pahokee; and two sisters living in the North.

Funeral arrangements will be announced by Berry's Funeral Home, Pahokee.

Drive-In Theatre Work Is Started By Gold-Dobrow Group

Gold-Dobrow Theatres have announced that Finley P. Smith, General contractors, of Davie, Florida, were low bidders and have been awarded the road and ramping contract at their new Drive-In site.

Work started this week on this phase of the operation and will be completed in forty working days, weather permitting. The contractors have just completed a Drive-In Theatre in the Fort Lauderdale area and have had experience in this type of construction.

The Drive-In site is located on highway 441 about three miles north of Belle Glade, on the busy north-Belle Glade Road, and is readily accessible from either City.

The actual letting of the Bid was a culmination of months of long planning by the owners. The new Theatre will be a modern and up to date Drive-In, equipped with the latest in motion picture Drive-In equipment.

The road building and surfacing portion of the construction, which is now under way, is the second step in the overall plan. The drainage system for the land was completed a few weeks ago by Simmons and Weeks of Belle Glade.

Chester A. Cone, Miami, is the architect of the job. Mr. Cone designed the Hugo Theatre, Belle Glade and the Prince Theatre, Pahokee. He has been the architect for many other commercial and residential buildings here in the Glades in the past few years.

Plans Made For First Flower Show

Mrs. Jess M. Elliott, general chairman of the first annual Flower Show which the Pahokee-Canal Point Garden Club will sponsor in the County Park Community Building at Canal Point April 15 and 16, announces that youth organizations in the area are being invited to participate in the Flower Show.

Any person in the area who wishes to enter a flower arrangement in the show may do so without cost and there will be no admission charge, Mrs. Elliott said.

County Rotary Clubs Will Meet

An intra-county meeting of the Rotary Clubs of Palm Beach County will be held at the County Park Community House in Canal Point Thursday, April 3, with members of the Pahokee Rotary Club acting as hosts.

Sen. George Smathers of Miami will be guest speaker at the luncheon. President Harold Rosenberg is serving as general chairman and co-ordinator for the various committees that have been appointed to work out details for the annual Roary field day.

News Notes From State Capital

TALLAHASSEE — Closing day for qualifying for the May primaries found five actual candidates for four governor and four the one seat on the state railroad commission. Heading now toward the first primary May 6 are Alto Adams, Bill Hendrix, Dan McCarty, Bralley Odham and Dale Spencer, the smallest field in 20 years.

Chairman Richard A. Mack of the railroad commission is opposed by T. S. Ferguson D. S. Danaby and Peaslee Streets. For president of the United States, Florida voters may choose between Senator Richard B. Russell of Georgia and Senator Estes Kefauver of Tennessee, each with a full slate of delegates committed to vote for them in the national Democratic convention. The election of these delegates will occur in the second primary, May 27, when the voters will choose the run-off winner of the first primary.

TALLAHASSEE — Efforts of the state Democratic committee to put "little cabinet" jobs on the primary ballot failed to get more than three takers. Park Trammell of Blountstown is unopposed as a candidate for membership on the state road department—providing the next governor wants to appoint him. Joe Hill Williams of Starke and Z. D. Giles of Leesburg seek appointments as assistant state attorneys. No one else paid any attention, financially speaking, to the opportunity opened by the state committee to get popular backing for appointment to such places as beverage director, automobile license department head, member of numerous state boards, and assistant state attorney. The cost was too high and the risk to great.

TALLAHASSEE — The great new W. T. Edwards Tuberculosis hospital will open on one of the red clay hills bordering Tallahassee at a formal dedication April 6. J. Velma Keen, Tallahassee attorney, is general chairman of the exercises that will give to the

people of North and West Florida a \$3,000,000 haven for victims of tuberculosis. Others already are operating in Orlando, Lantana and Tampa. Money to pay for them comes from a part of the cigarette tax.

TALLAHASSEE — The date of March 27 has been set as Pascua Florida day by Governor Warren commemorating the landing of Ponce De Leon near St. Augustine in 1513. He named the land for Pascua Florida, or "Flowering Easter." Governor Warren hopes the date may become a state holiday, something Florida now lacks.

TALLAHASSEE — A panel on probate law by three outstanding Florida judges will feature the two-day legal institute to be held in Gainesville March 21 and 22. The Florida Bar is cooperating with the Eighth Judicial Bar Association in staging the institute, one of several to be held in the state this year. Judges H. H. McDonald, Gainesville, Richard P. Robbins, West Palm Beach; and Jack F. White, Clearwater, will make up the panel, Supreme Court Chief Justice Harold L. Sebring will talk on that court's work. Distinguished speakers from other states also will be heard on the program.

TALLAHASSEE — Florida doesn't have to worry about plastic automobile tags after all. In a characteristic mix-up over steel allocations, the state finally was notified by the national production authority that 309 tons of steel, enough for he 1953 tags, has been allotted. Perversely, the answer had been "no" to request for such allocation.

TALLAHASSEE — Attorney General Ervin has reversed an earlier opinion and now holds that newspaper ads may be bought by friends of a candidate without clearing the money to pay for it through the campaign treasurer. The purchaser needs only to get

the approval of the treasurer, or clear it with him, in the opinion of the attorney general. His reversal came soon after Judge Ira A. Hutchinson of Panama City had ruled parts of the new election code as unconstitutional because they abridge freedom of the press. The opinion preceded by only a day a ruling on a somewhat similar suit by Circuit Judge Henry C. Tillma of Tampa which held the entire law constitutional, and said it did not interfere with free press or speech. Both decisions will be appealed this week to the supreme court of Florida in a joint endeavor by the attorney general and Kenneth Ballinger, attorney for the newspaper and radio stations, to get a decision before the May primaries.

TALLAHASSEE — Additional plans for adding work space in the state capitol have been presented to the cabinet by a group of legislators, the cost to be \$180,000. Money to pay for double-decking the present old senate chamber, changing rooms on the second floor of the capitol to give more office space for senate and house members, and to finish air-conditioning the capitol, will be voted by the 1953 legislature, they said, but can be borrowed from Internal Improvement Fund in the meantime. Final agreement will be worked out in the next few weeks.

Cinematic Chatter

By Malcolm Miller

Movie producers risk no hazards with their stars in making a picture. We have word that the makers of "Distant Drums", soon to be screened here, carried heavy insurance for snake bite on all of the stars in the picture. Although the picture was made deep in the heart of the Everglades no one of the members of the company suffered anything more than mosquito bites. Lovely Marl Aldon stated in her life as she found in the making of this picture. Miss Aldon is the new sensational Canadian actress who stars with Mr. Cooper in "Distant Drums." The Seminole Indian chief, whose name is not mentioned in my dispatch from Hollywood, said his people all want to go to Hollywood and be movie people, because they "have so much fun." To find the right locale for the making of "Distant Drums" Director Raoul Walsh with his assistants and cameramen made a flying trip into the heart of the tropical Everglades to scout the land. They were followed by a large cast and crew from St. Augustine, first stop on the filming schedule. For four days the troupe occupied historic Fort San Marco, a solid stone fortress erected in 1540 to protect the inland waterway and the entire east coast of Florida from invasion. The picture is of paramount interest to every resident of Florida, particularly in this section. See you at the movies —Mal.

Spastics Will Be Given More Study

ORLANDO — A Florida Child Health Conference will be held at the Angebilt Hotel in Orlando on Saturday March 22.

The conference is sponsored jointly by the Central Florida Christian Medical League, Ormazd Grotto and the Lee Foundation for Nutritional Research.

Highlight of the conference will be discussions centering around a relatively new treatment for spastic children which has met with amazing success.

Dr. Spencer Way of Orlando will lead this discussion at the afternoon session, explaining the new treatment of cerebral palsy cases. He will present several children, some fully recovered — others in various stages of treatment, to illustrate his success with the use of oxidation catalyst method combined with therapy and nutrition-building diets.

Farm Telephones in 1951 . . .

Southern Rural Telephones Pass the Half Million Mark

THE number of rural telephones served by Southern Bell passed the 520,000 mark in 1951. More than 77,000 were added last year alone.

Even bigger things are planned for 1952, provided we can get the necessary materials. Many more Southern farmers are eager to enjoy the convenience and money-saving advantages of telephone service. We are working hard to fill their needs. And we expect to have another 82,000 rural telephones in service by the end of this year.

Meeting the needs of farm families is a big and costly job. But it's a mighty important job to us—because it's so important to the South's prosperity, in town and on the farm.

Justice Roberts Seeks Re-Election

TALLAHASSEE — Supreme Court Justice B. K. Roberts has announced his candidacy for re-election to the high judicial post to which he was nominated and elected without opposition two years ago.

In a brief statement, Justice Roberts declared:

"I deeply appreciate the confi-

dence the people showed in me by electing me without opposition to fill out the unexpired term of former Justice Paul D. Barns. I have tried to show this appreciation by doing what I could to help maintain and strengthen the Florida Supreme Court's tradition for dispensing justice fairly, impartially and efficiently."

A native of Wakulla county and a graduate of the University of Florida law school, Justice Roberts engaged in the general practice of law for 21 years before being selected for the state's highest tribunal. His broad experience enabled him to gain the highest professional rating attainable in the authoritative Martindale - Hubbell legal directory. His grasp of the problems facing the average businessman, to many of whom he was legal advisor before coming to the court, has made him something of a specialist in the type of litigation.

State Chamber To Push "Get Out The Vote" Effort In Fla.

JACKSONVILLE—Harold Cole, Executive Vice President of the Florida State Chamber of Commerce, expressed gratification today at the Chamber's response to the State Chamber's appeal for cooperation in a statewide "Get Out the Vote" effort.

Among the organizations that have already set up committees and are actively at work in the campaign are the Florida Farm Bureau Federation, the Florida State Junior Chamber of Commerce, the Florida League of Women Voters, Florida Press Association, Kiwanis International and many local groups.

Commenting on the splendid cooperation of the press and radio, Cole stated that a check of press clippings for the past two weeks revealed that Florida newspapers had published over 600 items urging citizens to register and vote while radio stations have been featuring frequent appeals, and he expressed the belief that this year Florida would be among the leaders in both registration and voting.

Doyle Carlton, President of the Florida State Chamber of Commerce, states that in response to several hundred letters to officers of the state organizations urging their support of the movement, he had received many letters assuring him that active campaigns would be carried on in an effort to impress upon our citizens the importance of registering and voting as a civic duty.

Florida mutual fire and casualty insurance companies plan to actively participate in the observance of the 200th anniversary of mutual insurance.

CANAL POINT DRY CLEANERS

From where I sit... by Joe Marsh

It Isn't the Heat—
It's the Hide!

Big discussion after the Grange meeting Friday night. Tik Anderson was arguing that hogs were lots more affected by the hot weather than cattle. Skeeter Morgan declared that it wasn't so—that he never saw any hogs bothered by the hot sun like his cows were.

I was glad when Rusty Robinson stepped in.

"Boys," he says, "don't get so riled up. It all depends on what color the livestock are. Hogs or cattle, the ones with light-colored coats absorb less heat from the

sun's rays than animals with dark coats. So you're both right!"

From where I sit, so many useless arguments could be avoided if a person would remember he doesn't have all the right on his side. Reminds me of folks who insist that coffee, for instance, is the only drink, forgetting that other people have a right to a glass of beer now and then. If we wouldn't get so "het up" about our prejudices—we'd all be better off!

In Memoriam

WHEREAS, The Great and Supreme Ruler of the Universe in His infinite wisdom removed from our midst one of our beloved and esteemed members, Mabel Simonson.

WHEREAS, It is eminently befitting that we make acknowledgment of sacred ties now severed, of memories tenderly cherished and that we record our appreciation of her many acts of kindnesses, charity and love in this Pahokee Methodist Woman's Society of Christian Service, and one of its circles honored her by taking the name, Mabel Simonson Circle, therefore be it

RESOLVED, that the sudden removal of such a life among us leaves a vacancy and a shadow that will be deeply realized, by all, and will prove a loss to the community and public;

RESOLVED, that with deep sympathy with the relatives of the deceased, we express our hope that even so great a loss to us all may be overruled for good by HIM who doeth all things well;

THEREFORE BE IT RESOLVED BY THE PAHOKEE METHODIST W. S. C. S. that these resolutions be adopted, expressing our loss in the death of our Sister Mabel Simonson, and expressing our sympathy to the family of the departed Sister, in respect and reverence for her memory, and BE IT FURTHER RESOLVED, that a copy of these resolutions be spread on the minutes of this Society, and a copy be forwarded to the bereaved family.

Respectfully,
Ruth Carpenter

"Not Broken Ties, but just a veil between
Out earthly vision and that world unseen;

A little time to wait while loved ones there
Keep tender watch until we, too, may share

The perfect peace of God, the perfect love
That's known to those who dwell with Him above."

Florida political candidates recently got their usual warning against putting campaign posters on highway rights of way. The State Road Department said over 6,000 cards were removed in 1950.

Christian Science Group Of Canal Point

Theme of services in Christian Science churches next Sunday is "MATTER." The subject is developed in such a way as to indicate the need for Christians to turn from the seeming reality of matter to the actuality and verity of God.

The Golden Text is from Colossians (3:2): "Set your affection on things above, not on things on the earth."

Bible passages include Jeremiah's admonition: "O earth, earth, earth, hear the word of the Lord."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The realm of the real is Spirit. The unlikeliness of Spirit is matter, and the opposite of the real is not divine—it is a human concept. Matter is an error of statement. This error in the premise leads to errors in the conclusion in every statement into which it enters" (p. 277).

A beautiful memorial service, honoring the memory of the late Mabel Simonson, was held by members of the Mabel Simonson and Margery Lair Circles, First Methodist WSCS, at a joint meeting at the home of Mrs. Inman W. Weeks Monday afternoon.

Do you have Series E Defense Bonds coming due this year?

Here's a money-earning opportunity for you

Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are easier than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2½% per year. For full details, ask at any Federal Reserve Bank or Branch.

Here's how Series E Defense Bonds earn the first 10 years

Pahokee Band Preparing For Inspection Contest

The annual District One Inspection Contest for the Pahokee High School Band will be held in the high school auditorium Tuesday, Mar. 25, starting at 9:30 a. m. when the Band will play in the concert part of the contest three numbers, Mesang's "Rocky Run March", Poole's "Silver Springs Overture" and Yoder's "Harvest Home Overture."

Immediately following the playing of the concert numbers, the sight-reading phase will take place, the Band to play a march and an overture which it has never seen or played before.

The third phase of the contest will be held on Lair Athletic Field where the Band will give a demonstration of its drill and marching ability.

Following the marching inspection to Band will return to the auditorium to play for three student conductors, Dorothy Fields, Rita Faye Hurt and Charles McCurdy, who will be judged on their ability to direct the band.

Contest judges will include Col. Harold B. Bachman, University of Florida; Richard Teasel, Stetson University; and V. D. Sturgis, Sarasota High School, all members of the Florida Bandmasters Association.

The district contests are elimination contests to determine the eligibilities of high school bands and orchestras to participate in the State Band Contest and Music Festival in Tampa in May. A band must rate no less than superior in concert, excellent in sight reading and excellent in marching in order to qualify as a contestant in the State Contest. To date the Pahokee High School Band has never failed to qualify for the State Contest, however, with so many of his players absent from rehearsals because of the measles and the flu, Bandmaster Robert O. Lampi is rather gloomy about this year's prospects. The public is invited to attend the contest and he urges a good attendance to encourage the Band to do its best.

On Thursday afternoon, Mar. 27, soloists and ensembles from the Pahokee High School Band will motor to Lake Worth to compete in the District One Solo and Ensemble Contest. These will include Lynn Shirley, piano; Carolyn Scruggs, piano; Carol Carpenter, piano; Charles McCurdy, clarinet; Bonnie Miller, saxophone; Jeannie Platt, Bassoon; John Rogers, saxophone; Judy Starling, baton twirling; Bonnet Miller, Val Galbaldon, Donna Jo Spooner and Millard Stanley, saxophone quartet; Frances Wilson, Rita Faye Hurt, Don Adams and Neely Johnson, trombone quartet; Dick Atkins, Alden Chase and Dorothy Fields, clarinet trio.

Each of these individuals or groups must receive a superior rating in order to compete in the State Contest.

Street Markers Are Promised For Club

Mrs. Claude L. Shirley presided at a business meeting of the Ixora Garden Circle Tuesday prior to the general meeting of the Pahokee Canal Point Garden Club in the auditorium of the Pahokee First Methodist Church.

Mrs. Shirley reported that Marvin Cowart, city streets superintendent, has promised that two park benches and the new city street concrete markers will be ready for installation by May 15. She also reported the donation of two handsome concrete bird baths to Ixora Park by Mr. and Mrs. G. M. Crews.

It was announced the circle's nominating committee has not completed its roster of new officers but will have the roster ready and the names of the recommended candidates for office printed in the local newspapers before the next meeting.

Dan McCarty Will Speak In Glades

Local representatives of Dan McCarty announced this week that Dan would be in this area on Saturday, March 29 to speak on behalf of his candidacy for governor of Florida.

Dan will speak in Pahokee at Nola's Corner at 4:30 P. M. and in Canal Point at 5:45 P. M. on Saturday afternoon, March 29.

Other new officers elected were Mrs. Vinson Henderson, vice president; Mrs. Jess M. Elliott, secretary-treasurer, and Mrs. R. J. Schroder, publicity chairman.

Senior Class Play Pronounced Success

The Pahokee High School Senior Class presented its delightful class play, "Music in the Valley," to capacity audiences in the high

school auditorium on Thursday and Friday nights of last week. The class grossed \$448 in ticket sales and expects to clear around \$350 after all expenses are paid.

Those who saw the play acclaimed it one of the best high school dramatic productions in years. Credit should go to the play's director, Mrs. Herbert Miller, for the smooth performance. In recognition of her work the class presented her with a hibiscus plant on Thursday night and a check and a bouquet of gladioli Friday night, with Alfred Meeks acting as spokesman.

National Airlines made one of the most significant moves in air history when it inaugurated an aircouch fare of \$43 plus tax between New York and Miami, the lowest fare ever offered between these points.
